

QUALITY DOORS AND OPENERS

## **The Orion Collection**

*Best value insulated garage door in its class*

## Hörmann Orion Collection

### Safety, Durability, Efficiency

The Hörmann Orion Collection is the best choice if you are looking for an affordable insulated garage door. The virtually no-maintenance Orion Collection features a steel front and back with a polystyrene core and comes in two thicknesses: the **3100 Series** at 1 3/8" with an R value of 6.3 or the **3200 Series** at 2" with an R value of 8.9. The range of options gives you choices to beautify your home while increasing your savings on energy.

No matter which design suits your needs, you will never compromise on quality and safety. **Our new steel doors are manufactured to the highest standards, and come with FingerGuard™ pinch-resistant section joints as standard.**

Deep tongue and groove section joint contribute to the door's **excellent strength**. Intermediate seals prevent air infiltration, which enhances the **insulation** properties.

The steel front and back 3-layer sandwich construction with **insulating polystyrene core** increases energy savings and provides a very smooth and quiet door operation.

Well-defined panel embossments, easy to clean **Rainslope™** woodgrain texture, galvanized and **finish painted steel** provide years of trouble-free performance and beauty.

The bottom weather seal **keeps out wind, rain, debris and other elements** for added energy savings.

## Energy efficiency

The Orion Collection offers enhanced energy efficiency and sound-dampening qualities.

On all Orion doors, the polystyrene insulation fills the top of the door channel for maximum insulation. At 1 3/8" thick, the 3100 Series gives you an R value of 6.3, while the 2" thick 3200 Series door gives you even better insulation with an R value of 8.9.
